SCULPTURE/CERAMICS

The Sculpture/Ceramics Department is organized as a large workshop space wherein many activities from welding to vacuforming to ceramics may take place at times dictated primarily by the growth of the student's work.

During the Spring semester, only courses in ceramics will be offered. The emphasis will be on uniquely conceived, individual works of imagination in the ceramic medium. All work will be in low fire clay and glazes in order to exploit the maximum range of shape and color.

PRINTMAKING

The printmaking program offers courses set up first to give the student the technical and aesthetic instruction necessary for his development, and second, to provide a workshop environment conducive to his or her total involvement as a developing printmaker.

Courses will be announced depending on student interest.

FILMMAKING

The filmmaking program provides the unique function of a free atmosphere to aid individuals to tap fully their creative potential in making independent, non-commercial motion pictures.
